

FISCAL NOTE

SB 3076 - HB 3372

March 21, 2006

SUMMARY OF BILL: Authorizes the Board of Electrolysis Examiners to permit a person to register to practice electrology without taking the required examination if the person meets certain criteria.

ESTIMATED FISCAL IMPACT:

Increase State Revenues – Not Significant

Assumptions:

- The increase in the number of licensures is estimated to be insignificant, resulting in a not significant increase in revenues.
- In December 2005, there were 57 licensed electrologists in the state. Since 1998, the number of licensed electrologists has decreased every year.
- All Health Related Boards, by statute, are self supporting such that revenues equal expenditures.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James W. White". The signature is fluid and cursive, with the first name "James" and last name "White" clearly legible.

James W. White, Executive Director
